

Supplementary Table 2 Trends in the monthly number of fatal motor vehicle collisions in which motor vehicle drivers were at fault between January 2010 and May 2020, stratified by traffic violation that mainly caused each collision

Month	Year	Disregarding traffic signal	Road or lane infringement	Speeding	Improper crossing or turning around	Improper overtaking	Failure to stop at railway crossing	Improper right turn	Improper left turn	Roundabouts	Impeding priority traffic	Improper driving at intersection	Impeding pedestrians etc	Slowing violation	Stop sign violation	Improper maintenance	Drunk driving	Driving while fatigued	Improper steering and/or braking	Careless driving	Not keeping eyes on the road	Failure to confirm traffic movement	Failure to make safety check	Driving at unsafe speed	Other violations of safe driving practices	Other violations	Unknown	Total
